

2016 Volleyball Membership Renewal and New Member Applications

To start the process, go to the TASO home page, www.taso.org (you can also type the URL directly into your browser) You will need your password to the TASO Member's Portal to complete your application. If you don't remember this password, click on "Members Log-in" located in the upper right. Then click "Forgot Your Password"

Once you have completed the application, your status will be changed to "Pending" and will remain until your criminal history review is completed. Please note that we are not going to start reviewing the criminal history reports for a few weeks. Once the criminal history report is completed, your status will be changed to "Active"

You are not able to actually access the Member's Portal until your status is Active. Remember, all TASO policies and procedures are on the public web site, <http://www.taso.org/taso-policies>

TO START THE REGISTRATION AND PAYMENT PROCESS: You do not log into the member's portal, just click the link in the upper right, "Membership Renewal / New Applicants"

You will be taken to a screen where you will select the sport that you are renewing / applying for.

Select your sport and the process will begin.

If you get a message to contact your chapter secretary, please disregard and send a message to volleyball@taso.org

You will get two confirmation e-mails for your records: an "application completed" message from TASO and a payment confirmation from the credit card processing company.

Again, please send any questions to volleyball@taso.org

Thank you for your continued loyalty to TASO and your support for Texas High School Volleyball. Regards,

Mike Fitch Executive
Director
Texas Association of Sports Officials
